

MINO FINE ART PAPERS

Mino paper comes from Gifu Prefecture, known for four centuries for its perfect, white handmade paper, made from the finest and cleanest kozo pulp. Our new line of papers is a modern take on the old tradition. The following fine art papers are versatile and extremely well-priced.

Although **Kozo Natural brushed, Mitsumata Unryu, Kozo White Unryu, Washi Sized Natural, and Moon Peach** are currently stocked in only 1 weight, please note they all can be special ordered in other weights. An assortment of 12 soothing colors follows after the white and natural paper images.

All varieties work well for drawing, painting, book and box covers or liners; all are sized especially for inkjet printers.
