

LOKTA SILKSCREEN AND WOODBLOCK PATTERNS

Paper Connection stocks 30 patterns printed on Lokta: animals, hearts, flowers, insects, etc. The Lokta woodblocks are hand-printed in bold colors on natural Lokta paper. The silkscreens are printed on brightly colored base sheets, often using metallic inks. These papers have the strength and lasting properties of our solids, but with playful prints that make them a favorite of many of our customers. Tigers, elephants and fish are fun for scrapbooking and to wrap a present, while the florals make elegant invitations and embellishments for handmade gifts.

Lokta is subject to variances in color and weight from lot to lot, making each sheet unique.
