

LOKTA TWO COLOR DYED

The sheets of paper used for Boka Lokta and Tie Dyed Lokta are made from the same daphne plant fibers as are all of our Lokta papers. Boka Lokta is dyed with vegetable dyes in gentle, earthy hues. It is stocked in 5 two tone combinations: coral, charcoal, gold, sage, sunflower. Tie Dyed Lokta is made by tying a string or elastic to make a circle pattern before it is dyed. It is stocked in three bright backgrounds: deep orange, celadon and bright turquoise.

Boka Size: 22 x 30 inches Weight: 60g/m²
Tie Dye Size: 22 x 30 inches Weight: 40g/m²
